Description: Hogsbreth was an Iktotchi who resided in the galaxy during the New Republic Era. At some point, they sat in the stands of an arena beside the Imperial Remnant warlord Lord Janu Coin, who himself sat next to the youngling Din Groggu, who was imprisoned inside a cage. The Iktotchi's right head horn was damaged by The Mandalorian. During the capture of Lord Janu Coin at his estate, Hogsbreth was killed by the Mandalorian using a flamethrower.
