Fire Control: 1D

Damage: 8D

Description: This is the Colonial Asp from Battlestar Galactica set up using Starwars RPG. The fighter is basically a two seat version of the Viper starfighter. It is 9.24 meters long, 5.95 meters wide, and is 3.82 meters high. It weighs 14.4 metric tons. The missiles are only set up on the starship for special missions. The missiles are only set up on the starship for special missions. If the afterburners are on the vehicle has +20 added to ALL difficulties except to dodge which gives a bonus of +20. It can afterburner for a maximum of twenty turns.
