Description: Bolza Grool was a male Klatooinian Gorg merchant on the Colossus—an aircraft refueling station on the planet Castilon. It was common for Grool to throw racers who had dodged their commitments off the side of the Colossus platform head first. At some point, he was involved in a bar fight at Aunt Z's Tavern with Kazuda Xiono, who had accidentally thrown a holo-dart at his back.

Personality and traits
Bolza Grool was a male Klatooinian with orange skin and brown eyes. He did not appreciate being mistaken for a holo-dart board and became very angered when he was. However, he was open to deals that benefited his business. If racers on Colossus dodged their commitments, Grool was sure to throw them off the platform head first.

Equipment

Bolza Grool wore a cobalt blue shirt and trousers, with a black vest and an apron with his business logo on it. He also had sand and green shoulder pads and black gloves. On his legs were shin armor and grey boots.[2]
