Description: Modon Kira was a Human male native of the planet Onderon and a respected and powerful Beast-Lord on his homeworld during the final years of the war between the Onderonian Beast Riders and the military of the walled city of Iziz. Modon was the son of Drokko Kira and in turn had a son, Oron Kira, who fell in love with Princess Galia, heiress to the throne of Iziz. The two arranged to be married at Fortress Kira, Modon Kira's forest stronghold, and the Beast-Lord attended their binding ceremony. The union was subsequently interrupted by the entrance of three Jedi Knights—brothers Ulic and Cay Qel-Droma, and the Twi'lek Tott Doneeta—who had been sent by Galia's mother, Queen Amanoa, to retrieve the princess. Instead, Kira convinced the Jedi to join his side, and they embarked on a peace mission to convince Amanoa to end the war.

The peace mission failed, however, and Modon Kira was forced to lead his Beast Rider army against Iziz in a climactic battle. Although the Beast Riders took the upper hand, Amanoa turned the tide of the battle by invoking the power of the dark side against Kira's army. The momentum shifted, and Kira's forces were put on the defensive. The Beast Riders regained the advantage, however, when Jedi Master Arca Jeth arrived and employed his skill with battle meditation, which proved to be the deciding factor. After the battle, Modon's son, Oron, and Galia were married under the laws of the Galactic Republic, officially unifying the two warring civilizations of Onderon.

Personality and traits
A powerful and respected Beast-Lord on Onderon, Modon Kira was a proud and ruthless man of great physical strength. Kira passionately hated the established government of Iziz, believing that the monarchy's worshiping of the dark side of the Force had corrupted Onderon. Additionally, his loathing for the monarchy was partly due to his father's banishment from Iziz for challenging the dark side. Nevertheless, Kira supported his son's love for Princess Galia, hoping a marriage between the two could end the Beast Wars and finally bring peace to Onderon.

Kira was, however, first and foremost a warrior. All his life he had made war, and even though he assented to Ulic Qel-Droma's plan to try and end the war peacefully, Kira firmly believed that the Jedi would fail and eagerly looked forward to the battle to come. Kira took great pride in the Beast Rider force he had assembled for the Battle of Iziz, and when he was informed of the peace mission's failure he excitedly broke the news to his forces. After Queen Amanoa summoned the dark side down against the Beast Riders during the battle, despite the drastic situation they were in, Kira refused to give in, as he had committed everything to the attack.
