Description: Vivant served as first officer and later commander of the Imperial Star Destroyer Steadfast. He was first officer under Grand Admiral Afsheen Makati from as early as 1 BBY, and

served during an investigation into a Rebel base on Thila. The Steadfast was assisted by Supreme Prophet of the Dark Side Kadann during the investigation, and Kadann overheard Vivant mocking his extravagant attire. Kadann admonished Makati for his first officer's insubordination, embarrassing the Grand Admiral in front on his crew.

Vivant eventually became commander of the Steadfast at some point after Makati's death, and the ship was part of Carnor Jax's battle fleet in 11 ABY. Vivant brought the Steadfast to assist the Emperor's Revenge in bombarding the New Republic forces on Phaeda. However, Vivant was forced to surrender upon the arrival of Rogue Squadron and – more impressively – the Lusankya.
