Description: The Yasaburo family heirloom lightsaber was a lightsaber owned by the Yasaburo clan on the Outer Rim planet Tao. Originally owned by a Jedi Knight who came to Tao, the Jedi entrusted the saber to an ancestor of the Yasaburo clan and trained him in lightsaber combat. Thereafter, the lightsaber became an heirloom passed down through the generations of the Yasaburo family, with each head of family teaching their successor how to wield a lightsaber and eventually bequeathing it as inheritance.
