Special Abilities

Berserker Rage: If a Wookiee becomes enraged (the character must believe himself of those to whom he has pledged a life debt to be in immediate, deadly danger) the character gets a +2D bonus to Strength for purposes of causing damage while brawling (the character's brawling skill is not increased). The character also suffers a -2D penalty to all non-Strength attribute and skill checks.

Due to the Wookiee's great rage, a character must make a Moderate Perception total to

calm down once all enemies have clearly been controlled - unconscious, captured, killed or somehow otherwise physically restrained or stopped. Close friends of the Wookiee can coordinate with the Wookiee to make this easier.

Climbing Claws: Wookiees have huge retractable climbing claws which are used for climbing only. They add +2D to their climbing skill while using the claws.

Any Wookiee who intentionally uses his claws in hand-tohand combat is automatically considered dishonorable by other members of his species, possibly to be hunted down - regardless of the circumstances.

Force Skills:

Control: 4D+2
Sense: 5D
Alter: 4D+1

Force powers: Lightsaber Combat, Absorb/Dissipate Energy, Accelerate Healing, Affect Mind, Control Anothers Pain, Combat Sense, Control Pain, Danger Sense, Detoxify Poison, Enhance Attribute, Hibernation Trance, Life Detection, Life Sense, Magnify Senses, Projective Telepathy, Receptive Telepathy, Reduce Injury, Remain Conscious, Return Another to Consciousness, Resist Stun, Sense Force, Telekinesis

Story Factors

Reputation: Wookiees are widely regarded as fierce savages with short tempers. Most people will go out of their way not to enrage a Wookiee.

Enslaved: Prior to the defeat of the Empire, almost all Wookiees were enslaved by the Empire, and there was a substantial bounty for the capture of “free” Wookiees.

Language: Wookiees cannot speak Basic, but they all understand it. Nearly always, they have a close friend who they travel with who can interpret for them... though a Wookiee’s intent is seldom misunderstood.

Honor: Wookiees are honor-bound. They are fierce warriors with a great deal of pride and they can be rage-driven, cruel and unfair - but they have a code of honor. They do not betray their friends or desert them. They may break the “law”, but never their code. The Wookiee Code of Honor is as stringent as it is ancient. Atonement for a crime against Honor is nearly impossible - it is usually only achieved posthumously. But Wookiees falsely accused can be freed of their dishonor, and there are legends of dishonored Wookiees “coming back”.

But those are legends...

Description: Burryaga Agaburry was a male Wookiee Padawan of the Jedi Order who was active during the High Republic Era. The apprentice of Jedi Master Nib Assek, his master learned Shyriiwook so she could communicate with him.

Burryaga and his master participated in the rescue effort to save the Hetzal system during the Great Hyperspace Disaster. He was the one who discovered that several of the hyperspace anomalies bearing down on the worlds of the system were starship fragments with people still alive onboard. While Jedi pilots attempted to destroy the starship fragments, Burryaga felt the survivors' terror so deeply that it radiated through the Jedi Force network. Facing a language barrier, the

other Jedi believed that they were feeling Burryaga's own emotions and initially attempted to remove him from the network. Burryaga's efforts ultimately made the other Jedi realize that the starship fragments had survivors aboard.

Burryaga wielded a blue lightsaber with a physical crossguard on the hilt.

Burryaga disliked social gatherings due to the fact that most people could not understand him. However, when he was onboard the Galactic Republic medical frigate Panacea with the many patients from the Legacy Run, he was able to help comfort the human boy Serj Ukkarian.
