Description: Ars Dangor was a male human official who served on the Ruling Council of the Galactic Empire. During the Clone Wars, he served as a Senior Advisor of Supreme Chancellor

Sheev Palpatine who sometimes acted as a bureaucrat, emissary, or a dignitary in Palpatine's name and one time accompanied Janus Greejatus, Sly Moore, Sate Pestage and Lieutenant Commander Orson Krennic to Geonosis to oversee Poggle the Lesser's homecoming. As Poggle gave a speech to his fellow Geonosians, Dangor sat alongside the other Republic emissaries in the Petranaki Arena. During the speech, Dangor expressed worries to Krennic that he felt they could become appetizers at the drop of a hat.

After the rise of the Galactic Empire, Dangor served in the Imperial Ruling Council. As such, he was an adviser to Emperor Sheev Palpatine. He wore long, braided mustachios and had broad, furrowy eyebrows. Despite his mostly glum countenance, Dangor's unusual facial hair gave him a bit of élan. Like all the other members of the Imperial Ruling Council, he donned colorful robes and floppy hats.

In 5 BBY, he was on the guest list for a dinner party hosted by Perrin Fertha much to his wife Mon Mothma's annoyance as the day before he and Sly Moore had cut off the Ghorman shipping lanes which Mothma claimed would lead to mass starvation.
