Biography

Early life

Ace Kallisto was a human female thief on a planet. She was a rival to the Jedi Zia Zaldor Zanna, though their rivalry seemed to fade as they grew older.[1]

Reunion

In 232 BBY, Kallisto noticed that Zanna had return, the thief quickly stole the shuttle she arrived in. Unsurprisingly, Zanna caught up to Kallisto and entered the cockpit of the ship with a Jedi youngling Kai Brightstar. In an attempt to intimidate Kallisto, Brightstar drew his lightsaber, but he accidentally threw it and slashed the cockpit causing a malfunction. The shuttle soon crashed as they were unable to repair the ship.

Soon, they woke up and Zanna was unable to move due to her injured ankle caused by the crash. The three then noticed that they crashed into a cave and it was the home of a stalaat. The thief and the youngling went out together to call for help. However, another stalaat jumped in as they walk to the exit. Brightstar ignited his lightsaber a distracted the stalaats, Kallisto took the opportunity to flee and activated the armaments of the shuttle and scared away the stalaats. Kallisto quickly told Brightstar to get out and call for help with a comlink. Help soon arrived, Kallisto took the moment to talk with Zanna before parting ways. As Kallisto walk away, she heard Brightstar asking Zanna if she would become good. Kallisto smiled and left the two Jedi.
